

IPC-620

Wall Mount Industrial Chassis

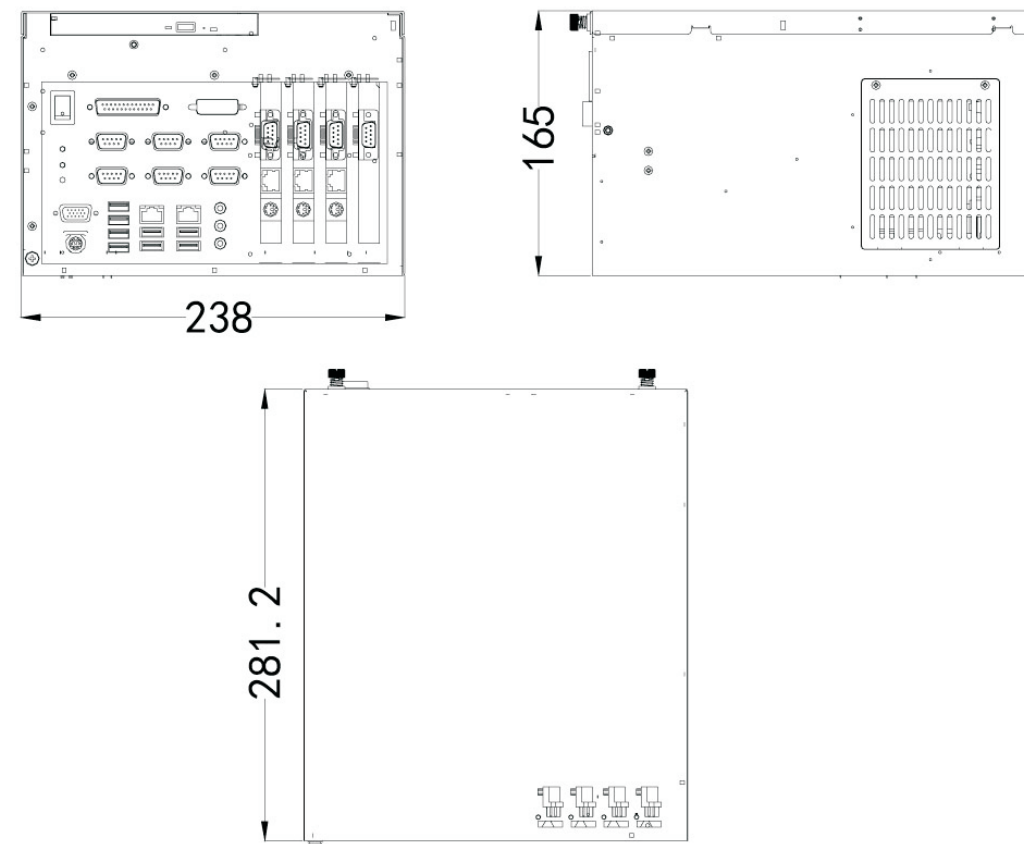

Features

- Can be used together with special Flex ATX type size industrial motherboards; high cost performance
- Mini ATX industrial power supply, with high performance ratio
- Single board structure, to ensure stable system operation in transportation and vibration status
- Excellent expansibility despite small size
- Anti-vibration drive rack design, which greatly improves the PC performance

Specifications

CPU	Varies with the motherboards used. If G41 platform motherboard is installed, the product supports Intel® LGA775 package Core™2 Quad、Core™ 2 Duo, Celeron® E1000 and Celeron® 400 family processors; If H81 platform motherboard is installed, the product supports INTEL LGA 1150 pin 4th-generation I3/I5/I7 Core™ Processor, Intel® Pentium® Processor and Intel® Celeron® Processor
I/O ports	Varies with the motherboards used
Storage	Supports 1 x 2.5" HDD; no optical drive
Bus expansion	Varies with the motherboards used. Please refer to the ordering information below
Keyboard/mouse	Standard configuration: None
Operating temperature	0℃～50℃； 5%～90% (non-condensing)
Storage environment	-20℃～60℃； 5%～90% (non-condensing)
Power supply	Mini ATX industrial-grade power supply, 300W ATX power supply as standard configuration
Operating system	Varies with the motherboards used
Dimensions (D×H×W)	280mm x 165mm x 238mm

Dimensions

Unit:mm

Ordering Information

Part Number	Model Number	Description
0010-085041	IPC-620-01	IPC-620 small-size compact wall mount PC/G41 platform motherboard ECS-1823/E5300/2G memory/500G HDD/ATX 300W power supply/no optical drive/no keyboard and mouse. External IO ports: 6 x COM (expandable to 2-4 COM ports by LPC bus pin header), 8 x USB2.0, 2 x LAN port, 1 x VGA+1 x DVI dual display, 1 x LPT, 1 x AV, 1 x PS2, expansion: 4 x PCI
0010-085051	IPC-620-02	IPC-620 small-size compact wall mount PC/G41 platform motherboard ECS-1824/E5300/2G memory/500G HDD/ATX 300W power supply/no optical drive/no optical drive/no keyboard and mouse. External IO ports: 6 x COM (expandable to 2-4 COM ports by LPC bus pin header), 8 x USB2.0, 2 x LAN port, 1 x VGA single display, 1 x LPT, 1 x AV, 1 x PS2, expansion: 2 x PCI+1 x PCIE4+1 x PCIE16
0010-085531	IPC-620-03	IPC-620 small-size compact wall mount PC/G41 platform motherboard ECS-1824/E5300/2G memory/500G HDD/ATX 300W power supply/with optical drive/no optical drive/no keyboard and mouse. External IO ports: 6 x COM (expandable to 2-4 COM ports by LPC bus pin header), 8 x USB2.0, 2 x LAN port, 1 x VGA single display, 1 x LPT, 1 x AV, 1 x PS2, expansion: 2 x PCI+1 x PCIE4+1 x PCIE16
